

*Never under-estimate the power of a
positive approach to life*

September 17

There is an old saying that says, “No matter whether you think you can or think you can’t, you’re probably right.” Life just works this way. Why? Because God has ordered life to respond to you, the way you think, the way you talk, and what you believe. Throughout my lifetime, I have noticed that people who are generally optimistic seem to have a greater advantage over those who are pessimists. Pessimism often breeds depression and insecurities. While people borrow trouble and imagine the worst, they are left living in fear, worried and anxious about many things which never happen. On the other hand, those who have a more optimistic approach to life seem to have joy, peace, and patience, even in the midst of trouble. What do you believe? What is your confession and how do you process life?

Prayer for Today

Lord, I will do my best to think the best, believe the best, and speak the best for my future and others. Help me, in Jesus’ Name, Amen.
